Key Facts

Mode Of Course

Part-time Courses

Entry Requirements

4 GCSEs at Grade C or above including Science, Maths and English, or equivalents

Qualification Aim

BTEC National Award in Environmental Science

Start Date

September 2009

Course Overview

Understanding the environment, its dynamic character and delicate balances, is probably more important today than ever before.

Course Structure

The course is one full day each week (Wednesdays) for 1 year. It is equivalent to one A Level and as such is demanding in terms of number and quality of assignments needed to achieve the necessary standard in such a short time.

The areas covered will include:

- Fundamentals of Science
- Scientific Practical Techniques
- Perceptions of Science
- Application of Number for Science Technicians
- Statistics for Science Technicians
- Science for Environmental Technicians
- Principles of Plant and Soil Science

Qualification Aims

BTEC National Award in Environmental Science (equivalent to 1 A Level)

Assessments/Examinations

The course is assessed by submission of assignments issued throughout the year.

Cost/Equipment

Course cost: £510 including registration

Entry Requirements

You need to have four GCSEs at grade C or above to include Double Science (or two separate Science subjects), Maths and English OR BTEC First Certificate in Science OR equivalent qualifications (at the discretion of the Science staff). You will also require an interview before being offered a place on this course.

Start Date

Wednesday 16th September 2009 from 9.00am-5.00pm (1 year course)
